# How to Find a Doctor

Search for Doctors Near You

1. Click **Find a Doctor** at the top of the page **my.networkhealth.com/froedtert**

2. Click on the **Choose a location** button.

3. Enter your home address, city, county, or zip code. Select **Yes, this is correct**. If you reside outside of the Network Health service area, please refer to step seven below.

4. Select the search category you want to use.
   - Providers by name
   - Providers by specialty
   - Places by Name
   - Places by Type

5. Type what you are looking for in the search field. (e.g., provider name, facility name, specialty, etc.)

   - As you type, a list of quick search results will appear below the search field. You can click on one of those results for more information, or click on the **search icon** to get a list of results.

6. You can also use the **Advanced Search** to search by 23 different categories, including the following.

   - Distance
   - Accepting new patients
   - Provider type
   - Gender
   - Language preference
   - Mail order (remote services)
   - Extended day supply
   - And more

7. If you reside outside of the service area, please read the My First Health tiles as it relates to your situation by scrolling down from the search view page and clicking the tile to search for a provider.
